2014-2015
GHS House Staff
and Medical Students
Photo Directory
This photo directory is published to help our medical staff, administration, nursing staff, and support services integrate house staff and medical students into the activities of Greenville Health System.

Our house staff, medical students and their families come to us from many locations, both inside and outside the United States. They enrich our community, care for our patients and are the focus of our academic mission.

For additional information and listings regarding Academic Services, visit the website http://www.ghs.org/MedicalEducation or the individual program links within this photo directory.

Undergraduate Medical Education

Greenville Health System provides clinical training to third-year University of South Carolina Greenville students and fourth-year University of South Carolina School of Medicine Columbia.

Greenville Health System has served as a regional campus for Columbia medical since 1991.

In 2009, Greenville Health System and the University of South Carolina jointly initiated development of a separately accredited medical school to provide all four years of medical education at Greenville Health System. Coincident with Greenville Health System’s centennial anniversary in 2012, the University of South Carolina School of Medicine Greenville enrolled its charter class.

Students and staff involved in undergraduate medical education at Greenville Health System for both USC programs are listed on the following pages.
About Us

In the past three decades, the University of South Carolina’s School of Medicine in Columbia has emerged as a national leader in primary care medical education, pioneering research, and providing humanistic patient care. Noted for its high-quality medical education, the School of Medicine provides its students with one-on-one instruction that lasts throughout their medical studies. About Us

At the University of South Carolina School of Medicine Greenville, tomorrow’s doctors train alongside today's physicians and all members of the interdisciplinary healthcare team from day one. It’s a medical school where hands-on, real-world experience isn’t a mere promise for the future, but a way of life. Where students learn using the latest information, clinical, and simulation technology so that they know how to leverage technology in a rapidly changing world. Where students develop the leadership, clinical, and interpersonal skills essential to delivering the next generation of patient-focused health care with confidence and compassion.

USC School of Medicine Greenville is a four-year medical school located at the heart of the Greenville Health System and backed by two decades of partnership in providing comprehensive medical education to students from the University of South Carolina, the state’s largest public university. To learn more, visit: [http://www.greenvillemed.sc.edu](http://www.greenvillemed.sc.edu).
