

## FOR MORE INFORMATION

### Ron Gimbel, Ph.D.

Chair & Associate Professor  
Department of Public Health Sciences  
501 Edwards Hall  
Clemson, S.C. 29634-0745  
(864) 656-1969  
RGIMBEL@clemson.edu

### David L. Cull, M.D.

Physician Champion  
Greenville Health System  
(864) 455-6363  
DCULL@ghs.org

### Susan Bethel, M.S. RN, NE-BC

Nursing Champion  
Greenville Health System  
(864) 455-7007  
SBETHEL@ghs.org

### GHS Employees:

This certificate program has been approved for tuition reimbursement.

For consideration apply via the GHS Clinical University Research Division

# Clinical and Translational Research

Graduate Certificate Program

Offered by Clemson University's  
Department of Public Health Sciences  
& Greenville Health System

## CERTIFICATE COMPLETION OPTIONS

### 12-MONTH PLAN:

Fall: HLTH 8120 & HLTH 8140  
Spring: HLTH 8210 & HLTH 8130  
Summer: HLTH 8090

### 21-MONTH PLAN:

Year 1: Fall: HLTH 8120  
Spring: HLTH 8210  
Summer: HLTH 8090  
  
Year 2: Fall: HLTH 8140  
Spring: HLTH 8130

**CLEMSON**  
PUBLIC HEALTH SCIENCES

**GREENVILLE  
HEALTH SYSTEM**  
Clinical University

## Benefits of this certificate program

- Improve readiness to launch clinical and translational research studies
- Improve grantsmanship necessary to attract research funding
- Improve ability to analyze research data
- Improve formal presentation and publication success rate
- Improve patient care and health outcomes

## Partnering with Greenville Health System to accelerate research

Clemson University's Departments of Public Health Sciences and Mathematical Sciences, in collaboration with the Greenville Health System, is now offering a graduate-level certificate in Clinical and Translational Research.

The goal of this program is to enhance clinical and translational research capabilities of clinicians, research support staff, and other health professionals.

The program will be delivered via evening classes at University Center Greenville (UCG) in South Carolina.

To earn this graduate certificate, students must complete 8 required credit hours and an additional 4 hours of graduate-level elective courses.

### Required courses:

HLTH 8120	Clinical & Translational Science (2)
HLTH 8210	Health Research I: Design & Measurement (3)
HLTH 8090	Epidemiological Research (3)

### Elective courses:

HLTH 8140	Health System Quality Improvement(2)
HLTH 8130	Population Health & Research (2)
*MTHSC 8050	Data Analysis (3)
*MTHSC 8070	Applied Multivariate Analysis (3)

*\*Note. MTHSC courses are offered on Clemson's main campus.*
